That Sections 2, 5.3.21, 5.3.22, and 5.5.2 of the Zoning Bylaw be and hereby are amended as follows:

Section 2: Definitions

Definitions Associated with Open Space

Open Space: A yard including sidewalks, swimming pools, terraced areas, decks, patios, play courts, and playground facilities; and not devoted to streets, driveways, off-street parking or loading spaces, or other paved areas.

Open Space, Landscaped: Open space designed and developed for pleasant appearances in trees, shrubs, ground covers and grass, including other landscaped elements such as natural features of the site, walks and terraces, and also including open areas accessible to and developed for the use of the occupants of the building located upon a roof not more than 10 feet above the level of the lowest story used for dwelling purposes – except in the Business Districts where open space areas accessible to and developed for the use of occupants of the building may be located upon a roof, balcony, or balconies at any level of the building. Refer to Section 5.3.22.C. for how to calculate landscaped open space.

Open Space, Usable: The part or parts of a lot designed and developed for outdoor use by the occupants of the lot for recreation, including swimming pools, tennis courts, or similar facilities, or for garden or for household service activities such as clothes drying; which space is at least 75% open to the sky, free of automotive traffic and parking, and readily accessible by all those for whom it is required. Such space may include open area accessible to and developed for the use of the occupants of the building and located upon a roof not more than 10 feet above the level of the lowest story used for dwelling purposes – except in the Business Districts where open space areas accessible to and developed for the use of occupants of the building may be located upon a roof, balcony, or balconies at any level of the building. Open space shall be deemed usable only if at least 75% of the area has a grade of less than 8% and no horizontal dimension is less than 25 feet. For newly constructed

single-, two-family, and duplex dwellings with surface parking, no horizontal dimension shall be less than 20 feet. Refer to Section 5.3.22.C for how to calculate usable open space.

Section 5.3.21: Supplemental Requirements in the Business and Industrial Districts (paragraph D)

A. Screening and Buffers: Industrial and Business Districts and Parking Lots

- (1) Screening and space buffers shall be required in any Industrial (I) or Business (B) district that abuts certain buildable residential lots. The minimum width of the buffer shall be as follows:

I or B District	Abutting R District	Minimum Buffer
I, B5	RO through R5	25 ft.
B3, B2A, B4	R0 through R5	15 ft.
I	R6 through R7	10 ft.
B1,B2	R0 through R5	10 ft.

The strip shall contain a screen of plantings of vertical habit not less than three feet in width and six feet in height at the time of occupancy of such lot. Individual shrubs or trees shall be planted not more than 20 feet on center, and shall thereafter be maintained by the owner or occupants to maintain a dense screen year-round. At least 50% of the plantings shall consist of evergreens and they shall be evenly spaced. A solid wall or solid wooden fence, five to six feet in height, complemented by suitable plantings, may be substituted for one-half the required width of such landscaped buffer strip; however, provisions of this section shall not supersede the minimum setbacks for parking lots per Section 6.1 nor the minimum yard requirements of Sections 5.5 and 5.6. No screen shall be closer than 10 feet to a public or private way. Where deemed appropriate by the property owner and immediate abutters, and as approved by the building inspector, another wall or fence height or fence type, including but not limited to coated chain link or “wrought iron” types may be substituted for the required wall or fence. See Section 5.3.7 for screening and buffer requirements for Business districts, Industrial districts, and parking lots.

- (2) For any area used for the parking of more than five vehicles, the screening provisions of Section 6.1, Off-Street Parking, shall apply.
- B. Accessory Structures.** Accessory structures must comply with the minimum yard, maximum height, and minimum open space requirements of the district in which they are located.
- C. Upper-Story Setbacks.** In any district where the maximum building height exceeds three stories, upper-story building setbacks shall be required. See Section 5.3.17 for Upper Story Step Back requirements.

- D. ~~For mixed uses and any permitted residential use not specifically identified in the tables in Section 5.5.2(A), the minimum open space requirements (computed from the residential floor area only) shall be 10% landscaped and 20% usable in the B1, B2, B2A, B3, and B4 districts, and 15 percent usable in the B5 district.~~

Section 5.3.22: Gross Floor Area

 - (5) Basement areas except as excluded in (2) below;
 - (6) Cellars in residential uses;
 - (7) All-weather habitable porches and balconies; and

- B. For the purposes of this bylaw, the follow areas of buildings are to be excluded from the calculation of Gross Floor Area:
- (1) Areas used for accessory parking, or off-street loading purposes;
 - (2) Basement areas devoted exclusively to mechanical uses accessory to the operation of the building;
 - (3) Open or lattice enclosed exterior fire escapes;
 - (4) Attic and other areas used for elevator machinery or mechanical equipment accessory to the operation of the building; and
 - (5) Unenclosed porches, balconies, and decks.
- C. For the purposes of this bylaw, the district dimensional requirements for Usable Open Space and Landscaped Open Space in all districts except the Business Districts are calculated based on Gross Floor Area. In the Neighborhood Office District, the predominant uses include ~~one and two~~ three-family dwellings, houses with offices on the ground floor, or office structures which are in keeping with the scale of adjacent houses.
